Dear Mr. Daskal:

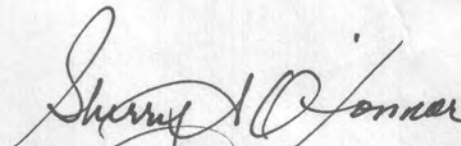

This replies to your recent letter in which you submitted US Army Guidon samples to our office for certification and inclusion to the TIOH Flag manufacturer's list.

The samples of the Engineer and Signal Corps guidons have been inspected and meet the requirements set forth in MIL-DTL-2692, General Specification for Flag and Pennants and Army Regulation 840-10. The Institute of Heraldry (TIOH) will place your business on the recommended flag manufacturers list. The purpose of the list is for unit procurement information and may not be used in lieu of a certification program.

Please note: Based upon the severity of any complaints regarding your product may result in removal of your company from the TIOH flag manufacturer list.

If you have any questions or need any assistance, please do not hesitate to contact Mrs. Sherry O'Connor at (703) 806-4982 or e-mail: sherry.oconnor@us.army.mil.

Sincerely,

Sherry A. O'Connor
Industrial Specialist (Textiles)
